

FIRST WEDDING AT NORTHWOOD HOUSE

On 25 June 2011 the Trustees were delighted to host the first Northwood House wedding since we took over. Neil and Liane Worth were married at the House and a wonderful day was had by all. Although several private functions, meetings and even the Bestival Young Bands Finals have been held at the House, their wedding was the Trustees' first since taking charge of Northwood House and Park in October 2010, so it was rather special for us as well.

The sun shone, the bride and the House looked their best and the great joy of the occasion was only matched by our pride at hosting such a happy and successful event.

Neil and Liane have kindly written to express their satisfaction with the arrangements for their day, and to say how surprised and pleased everyone who attended was at the improvements which have been made to the House. Their letter can be read elsewhere on the website.

The Trustees are very proud to have been able to help make Neil and Liane's day so special. We are pleased to be able to say that the momentum is now growing; two more weddings were held in early July and several more are booked over the next few months as well as many for 2012 – some couples are already reserving for 2013! Musical events are planned over the next few months and there will be lunches, teas and cocktails during Cowes Week – Christmas parties are being planned too.
