THE BALLROOM

This is the largest of the function rooms, with capacity for up to 200 (or 120 dining). From its many large windows the views across Northwood Park and the Solent are magnificent, especially on a fine summer's day. A bow window at the head of the room has a dais and double French doors leading down to the private lawns (where marquees can also be erected for special events) and a dance floor can be laid if required.

THE DINING ROOM

This finely-decorated room is linked to the Ballroom by a roll-up shutter, so the two rooms can be used as one if required. Used on its own, the room has capacity for up to 80 (or 60 dining) and is ideal for smaller, more intimate functions, recitals and so on. Its large windows overlook the lawns on the northern side of the House to which users can have access. A dance floor can be laid if required.

THE DRAWING ROOM

This is the most beautifully decorated room in the House, and its light, airy colours and French windows onto the south-facing lawns make it very popular for civil wedding and partnership ceremonies and perfect for photographs and drinks afterwards. The room has capacity for up to 80 (or 60 dining).

THE MORNING ROOM

This is the smallest of the decorated function rooms, with warm colours and gilded highlights. It has a boardroom table for 10-12, making it a pleasant room for meetings, or a haven of quiet for special dinners or smaller, more intimate events. Its large windows face onto the lawns and it is particularly beautiful in the mornings when, as its name suggests, it is filled with the morning sun. It has a connecting door to the Drawing Room and can be used as a private room for weddings.

THE LIBRARY

This beautiful and unusual octagonal room can seat up to 30 and is very popular for civil ceremonies, close to the St. Mary's entrance from the Park. It can be hired in the usual way (by the day or half-day), or for those who wish to have a simpler event, it can be hired for two hours for the ceremony only, on a non-catered basis, with the option of simple refreshments such as a glass of champagne or sparkling wine for guests. It is also appropriate for meetings, seminars or tribunals.

THE BAR

The large and well-stocked bar has an eye-catching decorative scheme, with beautiful decorated ceiling, elegant chandelier and glass walls. It is situated on the main corridor (known as the Crush Hall) close to all the Function Rooms.
