We are delighted to announce our first Isle of Wight Spring Art and Garden Fair which will take place over Good Friday and Easter Saturday.

If you have an Island business selling anything relating to plants, gardening and the great outdoors, this is the showcase you have been waiting for! Perfect for everyone from plant nurseries and growers, landscaping products and service providers, garden machinery dealerships, furniture, clothing and other lifestyle businesses.

Of course, it's not just about gardening, producers and retailers of other quality items are welcome to attend over the weekend, including art, craft and local food (for take-home consumption only, though sampling is of course permitted!). Charities, local organisations and businesses who want to promote themselves will be in attendance.

The event will be staged on the lawns and within the grounds of the House and Park, with proceeds from the event going to the Charity. Money raised will help us to continue the ongoing restoration of this iconic Island building for future generations of Islanders to enjoy.

The event will also feature arena entertainment, live music and demonstrations throughout the weekend, as well as a huge range of quality exhibitors.
